

POSITION DESCRIPTION: ACCESSIBILITY SPECIALIST

The Wehrman Collaborative, LLC April 2020

ABOUT WECO

WeCo is a digital service company which helps organizations make websites/software/mobile applications accessible by providing them with direct access to subject matter experts who live with disabilities. We are a company founded and staffed by digital technologists who live with disabilities with a strong outreach to communications and administrative professionals who live with disabilities. WeCo is an equal opportunity employer with a dual mission of helping organizations create accessible digital venues and providing career opportunities to talented professionals who may be overlooked by traditional work environments.

To learn more about WeCo, visit our web site at: www.theweco.com or follow us on Facebook at: WeCo (The Wehrman Collaborative) or on Twitter at: @WeCo5

POSITION PURPOSE

The **WeCo Accessibility Specialist** role is designed to provide the successful applicant with the opportunity to apply their creative and analytical skills to the purpose of learning about WeCo's accessibility and user-experience testing practices as they apply to digital accessibility. The position provides the applicant with the opportunity to take part in an industry field of accessible communications by applying her/his knowledge regarding the wide array of challenges faced by people who live with disabilities as well as the assistive technology devices they use to access computers, the internet and other online venues.

The successful applicant will have the opportunity to work as a member of a team of seasoned professionals with varied backgrounds and skill sets in an emerging technology field.

POSITION DUTIES

The WeCo Accessibility Specialist Position will require a time commitment of 10-20 hours per week, depending upon the needs of the organization and the selected candidate. The duties for this role include:

- **Test Case Construction:** Complete assigned test case construction work for WeCo clients and as a part of Certified Test Consultant training and development.
- **Test Case Data Extrapolation and Analysis:** Extrapolate and analyze WeCo Test Case results.
- **Test Case Report Composition:** Interpret WeCo Test Case data and the conversion of this information into useful report documentation for our clients and for WeCo's accessibility knowledge base.
- **Analysis of coding techniques on web pages:** Includes evaluating HTML, CSS, etc. markup on web pages submitted to WeCo for specific accessibility requirements, including WCAG 2.1 and Section 508 Standards.

- **Industry Research, Paper and Presentation Composition:** WeCo's Accessibility Team is becoming a noted authority in the area of accessible communications, thus the Accessibility Specialist Team member will conduct on-going self-education and research which will enable him/her to learn how to construct white papers and presentations for professional conferences.
- **Other duties as deemed necessary, and agreed upon, for the position.**

POSITION REQUIREMENTS

- Two-year college degree in Computer Science, Human Computer Interaction, Usability, User Experience etc. or equivalent
- 2-year job experience
- Basic knowledge of the following software programs: Microsoft Word, Excel and Power Point.
- Excellent communication skills, written and expressive.
- Ability to work well within a team setting.
- Ability to take direction and to work well autonomously.
- Ability to function within a virtual office environment via shared files, email and calendar system.
- Familiarity of internationally recognized accessibility guidelines (e.g., WCAG 2.1).
- Basic knowledge of HTML, CSS, JavaScript etc.

APPLICANT PREFERRED COMPETENCIES

1. Prior experience, in a professional setting, involving working with people who live with disabilities.
2. Prior experience demonstrated knowledge or education, regarding assistive computer technology and devices (e.g., screen readers, screen magnifiers, voice recognition software).
3. Prior experience demonstrated knowledge or education, regarding user-experience testing.
4. Prior experience demonstrated knowledge or education, regarding data analysis, extrapolation and reporting methods, including analytical software.
5. Prior experience demonstrated knowledge or education, regarding accessibility testing procedures for web sites, software and online venues.
6. Prior experience, demonstrated knowledge or education, with describing the accessibility requirements associated with the WCAG 2.1 level A/AA principles and guidelines
7. Prior experience demonstrated knowledge or education to read and understand HTML markup and CSS style sheets.
8. Prior experience, demonstrated knowledge or education, regarding user interface web design concepts and principles when designing for users with disabilities (e.g., styling and readability, layout, navigation, focus indicators, color contrast, use of color, etc.)
9. Prior experience verifying compliance of web accessibility guidelines 2.1 level A/AA.
10. Advanced knowledge of the following software programs:
Microsoft Word, Excel and Power Point.
11. Experience working in virtual office or remote workplace environments.

COMPENSATION

Salary will be determined by experience. The successful candidate will also have access to WeCo's free career wardrobe development service.

HOW TO APPLY FOR THIS POSITION

All applicants must **complete a WeCo Employment Application** found at:
