

WeCo Accessibility Services: Your Own Accessibility Department

WeCo provides much more than a check list for digital accessibility. We are your accessibility department, giving you direct access to professionals, and users, who live with disabilities. Our Accessibility Specialists train your team to understand accessibility, while auditing and testing your products to meet WCAG 2.1 AA and US/international accessibility requirements.

How can our services work for you? *Select all, a few, or just one service*

What makes WeCo different? *We engage professionals living with disabilities*

Our Testers and Accessibility Specialists are required to meet a position bone fide of having **one or more disability** recognized by the US Department of Human Services including:

- Cognitive
- Hearing
- Mobility
- Sight

Our mission is to engage accessibility professionals who live with disabilities to work with your teams. WeCo support staff positions are offered first to professionals with disabilities, making us a **National Organization on Disability Leading Disability Employer 2019-2020**.

WeCo's Service Menu *TRY US OUT: Ask about a FREE Accessibility Assessment!*
